Leading Canadian technology partners' commitment to infinite possibilities celebrated at annual awards

TORONTO, ON – November 10, 2010 Infusion announced today that it has been selected as the winner of the Custom Development Solution of the Year at the 2010 Microsoft Partner Network IMPACT Awards. The eighth annual IMPACT awards recognize excellence across the large and diverse community of Microsoft's Canadian technology partners. The winners were announced at a ceremony in Toronto on November 9, 2010.

"Our annual IMPACT Awards celebrate the infinite possibilities innovative technology partners bring to customers on a regular basis," said Corinne Sharp, National Director, Canadian Partner Network, Microsoft Canada Inc. "Technology partners like Infusion are always finding new and exciting ways to raise the bar making them true leaders in their respective fields."

Infusion was chosen as the winner of Custom Development Solution of the Year for their Microsoft Surface Historical Concierge for the province of Manitoba.

"Being recognized not only for our ability to deliver applications that are both highly technical and beautifully designed, but also for our contribution to the partner channel is inspiring. We've always known our developers and designers are some of the industry's best, and being formally recognized for our efforts and talent by Microsoft is truly motivating", said Bill Baldasti, VP Sales, Infusion Canada.
