

Infusion Technology Experts to Speak at Microsoft 2011 Tech-Ed Middle East Conference

Dubai, UAE—March, 7, 2011—Infusion is proud to announce that five of its top technology experts will be speaking at the 2011 Tech-Ed Middle East Conference from March 8th to March 10th in Dubai. Tech-Ed is Microsoft's premier technical education event providing the most comprehensive technical training on Microsoft's suite of products, technologies, solutions and services.

"At Infusion, we encourage our consultants to continually develop and fine tune their technological and presentation skills by speaking at events like Tech-Ed. As a firm, we are committed to a strong focus on engaging within the technology community around emerging technologies through training and mentoring others with case studies and best practice techniques." said Vimal Sethi, general manager, Infusion Dubai.

Ihab Foudeh, director, Enterprise and Partner Group commented: "Infusion is one of our reliable international partners with the right level of presence in the region. Infusion has been developing very strategic, vertical solutions leveraging Microsoft technologies with key global and local references. We are pleased to have them join us at Tech-Ed; and are looking forward to engaging with developers that share our common roadmap on building extremely efficient and agile IT systems for our customers."

Zeddy Iskandar, Ronald Widha, Anton Delsink, Andrew Mackay and Vihad Taslimi will be speaking on a variety of unique Microsoft technologies over the annual three-day event. The presentations will showcase Infusion's comprehensive portfolio of Microsoft tech expertise on the following topics:

- Zeddy Iskandar- **Mobile (Windows Phone 7)**
- Ronald Widha- **Cloud Application Development**
- Anton Delsink- **BizTalk Server**
- Andrew Mackay- **CRM 2011**
- Vihad Taslimi- **Real Life Integration Choices**

Infusion has built a close working relationship with Microsoft over the past 13 years; working with all levels of the organization to ensure it maintains its position as a technology innovator. Infusion has developed a wide range of award-winning emerging technology solutions using Microsoft technologies such as Microsoft Surface, Windows 7, SQL Server 2008, BizTalk, CSP, and SharePoint 2010. As a Microsoft Certified Partner, Infusion has also attained six gold certified competencies and six silver competencies since January 2011.
